I am a Food Science and Technology fresh graduate seeking opportunity in food manufacturing. My track record includes lab assistantships over 2 years, an FMCG internship at Great Giant Foods (Sunpride), a 3-year national scholarship, an international exchange at Kasetsart University, an 1 year leader organization.

EXPERIENCE

Great Giant Food (Sunpride) – Tangerang

Jun 2026 – Present

Supply Chain Production (Internship)

- Acted as "Project Support" in Production Dept. to reduce daily operational cost (est. 32+ Mio/year).
- Conducted time-motion study, applying lean manufacturing across operations (5 roles, 30 chambers, 4 activities).
- Consolidated 1,000+ operational data across 25+ SKUs and 4 shipment cycles, generating 5+ insights.
- Uncovered hidden operational costs across 30 banana ripening chambers by engineering a predictive maintenance model, cutting inspection cycles from 12 to 3 daily (75% man-hour reduction).

Kasetsart University – Bangkok

Apr – May 2026

Faculty of Agro-industry (Student Exchange)

- Joined an international class (2 courses) and conducted sample analysis on cold plasma as a food processing technology.
- Participated in Kasetsart's food innovation exhibition (20 groups, 100+ participants).
- Applied and evaluated 12+ machine learning models for predictive analytics across two research publications.
- Contributed to scientific discussions, data interpretation, and joint Scopus Q1 research publication.

Food Security Department of Boyolali Regency – Boyolali

Jul – Aug 2025

Food Safety & Food Consumption (Internship)

- Conducted market surveillance across 5 traditional markets.
- Assisted in rapid test analyses on 60+ food samples, testing for formalin, borax, and chemical residues
- Supported 40+ local food entrepreneurs through a Food Safety Testing Socialization Program.
- Co-organized a product development training event in partnership with 'Locality', a startup platform, which was successfully attended by 90+ participants

EDUCATION

Sebelas Maret University

Aug 2022 – May 2026

Food Technology GPA: 3.72/4.00

Relevant Experiences:

Assistant Laboratory of Calculus, Management Industry, Food Handling, Statistics, Experimental Design Method, Entrepreneurship, Computer Application.

Achievement:

- Scopus Q1 and Sinta 3 Publications
- 1st Winner of Business Plan Competition "Footecorption 3.0 2024" UNTIRTA
- 2nd Fastest Graduate on 2022 Cohort Food Technology

SCHOLARSHIPS

BRI Bright Scholarship Batch 8

Aug 2023 – Jun 2026

YBM BRILiaN

- Selected as 1 of 316 awardees from over 10,000+ applicants (3% selection chance) across Indonesia.
- Participated in a two-year structured development program focused on leadership, character building, and competitiveness.
- Participated in monthly community development initiatives across various regions in Central Java, in partnership with YBM BRILiaN Foundation.

LEADERSHIP AND ORGANIZATIONAL EXPERIENCE

Committee of International Conference Food Science Engineering (ICFSE)

Oct 2025

- Served on the Public Relations Documentation Division for an international conference which held once every 4 years.
- Contributed to the successful execution of an international conference involving 100+ participants and academics from Universiti Putra Malaysia, Kasetsart University, and Central Luzon State University
- Executed on-site video production, including shooting, videography, and visual documentation of keynote sessions, parallel conferences, and networking activities.

Head of Department – IAAS LC UNS Organization

Jan - Dec 2024

- Led a 10 member team, supervised 3 managers, and developed strategic work programs.
- Managed Instagram content for @iaascuns by uploading 24 out of 27 routine posts (88.9%) and handling additional content requests from other departments.
- Achieved 94,000+ impressions in the last 90 days (45% Stories, 33% Posts, 22% Reels).
- Generated 2,100+ engagements in the last 90 days (59% Posts, 37% Reels, 4% Stories).

ADDITIONAL INFORMATION

- **Skill:** Food Handling, Food Quality & Safety, Machine Learning, Analytical Thinking, Leadership
- **Software:** Excel, Power BI, SPSS, MATLAB, Notion
- **Language:** Indonesian, English (EF score: 52 / B2 intermediate, TOEFL Prediction: 530)
- **Speaker Experiences:**
 - Achievement Motivation Training "Sinergi Dalam Membangun Prestasi" PKKMB FP UNS 2025
 - Workshop "Designing Memorable Visual Content" IAAS LC UNS 2025
- **BNSP Certification:**
 - Consultant of HACCP System Document 2025
 - Food Safety Provisional Internal Audit 2025
